

GWS Reduces Time-to-Market and Improves Bottom Line for Major Game Publishers

GlobalWare Solutions (GWS) provides a suite of end-to-end manufacturing, global e-commerce solutions and fulfillment services tailored for the Gaming industry. As a Nintendo certified supplier for packaging, print and retail kit assembly, GWS offers faster time-to-market, increased flexibility and control, and lower total product costs.

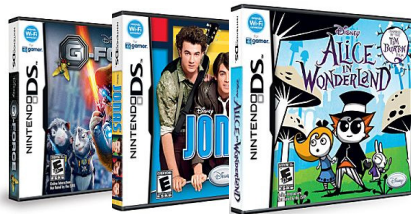

Supporting both digital front-end and physical product delivery, Globalware provides a great alternative for Gaming product distribution in North America, Europe and Asia.

Globalware is the right choice for

- Game kit assembly for all leading platforms
- E-Commerce solutions for physical and digital products
- Gaming accessories stores

Whether it's meeting tight deadlines or managing inventory and budget goals, GWS can help you to significantly reduce or eliminate the indirect costs associated with manufacturing, sales and fulfillment.

Contact GWS to receive an initial estimate for your gaming products!
